

# TRUMP'S EDUCATION BUDGET: THE IMPACT NEW YORK

## UNDER TRUMP'S BUDGET, NATIONWIDE:

**\$9 billion**  
would be cut from the U.S.  
Department of Education.

Federal investments in school  
privatization would exceed  
**\$20 billion.**<sup>1</sup>

## IN NEW YORK:

New York schools stand to  
lose more than  
**\$433 million.**<sup>2</sup>

### SCHOOL PROGRAMMING

Program cuts exceed  
**\$284 million**  
including:

**\$7 million**  
in special education  
for students with  
disabilities

**\$3 million**  
in English Language  
Acquisition programs  
for English-Learners, and

**\$4 million**  
in career and technical  
education.

Programming such as  
before- and after- school  
programs, summer  
school, arts and music  
education, and  
International education  
opportunities would also  
be affected.

### COMMUNITY SCHOOLS

The elimination of the  
**21st Century Community  
Center Learning grants,**  
totaling more than  
**\$88 million,**  
would jeopardize  
New York City's plan to  
open 69 new community  
schools this year, as well as  
plans in other school  
districts.<sup>3</sup>

### TEACHER TRAINING

Trump plans to cut  
**\$166 million**  
of Title II funding  
which promotes student  
success by preparing,  
training, and recruiting  
high-quality teachers.

These cuts would  
contribute to New York's  
teacher shortage, leading  
to larger class sizes.

### COLLEGE AID FOR LOW INCOME STUDENTS

**\$149 million**  
would be cut from  
education funding not  
managed by the State  
Education Department,  
including:

**\$50 million**  
in financial aid for low-  
income college students,

**\$41 million**  
in work-study funds, and

**\$58 million**  
in other cultural  
programming.

## TAKE ACTION NOW

These cuts would diminish equal opportunity and increase racial and economic inequities. If this proposed budget passes, more education cuts can be expected from New York State. Economically disadvantaged students, English-Learners, and students with disabilities would be affected the most.
