Total Proposed School Aid Increase	\$956 Million Increase	\$1.6 billion increase	\$1.62 billion
Phase-in of Foundation Aid Formula	He opposes ever fully phasing in Foundation Aid. Cuomo undermines the Foundation Aid formula by altering how the Foundation Aid formula is calculated. No phase in is included in Cuomo's proposal.	3 Year Phase-in The Assembly proposal includes full phase-in of the \$4.1 billion owed to schools in current law by 2023-24	3 Year Phase-in The Senate proposal includes full phase-in of the \$4.1 billion owed to schools in current law
Foundation Aid	\$338 Million (\$50 million of this is set aside for community schools)	\$1.16 billion The Foundation Aid distribution takes into account enrollment and need growth and brings all districts to at least 53 percent of their Foundation Aid owed	\$1.2 billion
Community Schools	No Increase in Separate Funding for Community Schools Foundation Aid includes a set aside for community schools which is increased by \$50 million. The proposed language does not clearly restrict use of funding only to community schools services.	Accepts the Executive proposal. Proposes a cap on the amount of Foundation Aid that can be set aside for community schools, maintains restrictions of the funding from the year before, and adds language to include trauma informed supports as part of allowable uses.	Accepts the Executive proposal. Adds flexibility to uses of the set aside money
Pre-K	\$15 Million for expansion of access To expand half-day and full-day Pre-K for three and four year olds.	Increases pre-K funding for 2019-20 to \$30 million for expanding access to more four and three year olds. Proposes adding the transportation of pre-K students as part of transportation aid that is reimbursable by the state.	Increases pre-K funding for 2019-20 to \$20 for expanding access to more four and three year olds.
